

Potential for Collaborative TNR Programs—Matching Needs and Resources Worksheet

Example 1: Your organization is a TNR group thinking of collaborating with a low-cost S/N clinic	Spay-neuter Surgeries	Facilities (space for recoveries)	Personnel (trappers and/or caregivers)	Transportation (to and from surgery)	Equipment (traps, etc.)	Food (ongoing care)	Expertise (TNR instruction)	Funding (private grants or public)	Education-Community Outreach	Other
YOUR ORGANIZATION	Need	Need	Resource	Resource	Resource	Need	Resource	Need	Resource	
Gov. Animal Control Agency										
Shelter/Humane Society (in-house clinic)										
Low-cost Spay-neuter Clinic	Resource	Resource	Need	Need	Resource	Need	Resource	Resource	Resource	
Local TNR-Rescue Group										

EXAMPLE 2: Your organization is a shelter thinking of collaborating with an animal control agency	Spay-neuter Surgeries	Facilities (space for recoveries)	Personnel (trappers and/or caregivers)	Transportation (to and from surgery)	Equipment (traps, etc.)	Food (ongoing care)	Expertise (TNR instruction)	Funding (private grants or public)	Education-Community Outreach	Other
YOUR ORGANIZATION	Resource	Resource	Need	Need	Resource	Need	Resource	Need	Resource	
Gov. Animal Control Agency	Need	Need	Need	Resource	Need	Need	Need	Resource	Need	
Shelter/Humane Society (in-house clinic)										
Low-cost Spay-neuter Clinic										
Local TNR-Rescue Group										

Legend

Red block=organizational need; Blue block=organizational resource; Yellow columns=potential area for collaboration based upon match of needs and resources. Factors identified as needs and resources will vary by organization. Some factors may be neither needs nor resources for certain organizations. Some needs may require more than one collaborative partner to fill, or may be unresolvable through collaboration alone. *Together Initiative, 2016-All Rights Reserved*
